**WHO, HOW, AND WHAT?**

**Happy Chinese New Year of the Boar!**

Wishing all a blessed “new year” Chinese style. This is the lunar new year celebration honoring the new animal in our world: the Boar. A most blessed animal that personifies generosity, harmony, social popularity, integrity, adventure and honesty. Also the weakness of being naive, overgenerous, and indulgent. Find out what “animal” you are in Chinese Astrology to see what your new year will be reflecting. The Tiger and the Rabbit are in harmony with the Pig...so embrace your courage, with a big dash of true empathy for others! Start out the year with kindness for yourself, others and your pet folks.
