WHO, HOW, AND WHAT?

Your pet has a job! Now that we have all taken a summer break from our “jobs” (hopefully!), we are thinking of getting back to business. Our pets all have jobs, purpose and they show us this 24/7! They are here specifically to show us unique qualities that both people and fur folks need to share. Each has its own purpose to share from loyalty, strength, confidence, to actual missions. **Your Pet Perk for “getting back to business”:** Read my blog post for THE GIFT OF DOING ONE’S UNIQUE “JOB”: <https://bit.ly/2IR-1J8C>

Ideas on how animals perform their jobs!

The best way to find out your pet’s “job” is to ask them! Give me a call for a communication and get some amazing answers and validations. It is a big help when you wish to know if your pet is wanting to be of service to others or maybe just to you! Some animals have serious Missions that can create behavioral issues if they are not able to act on their purpose!

All of our animals have messages to create better worlds for us and them...here are some interesting articles from creating happiness to some real “pro” animals out there helping folks be safe and healthy!
